

LUMBERYARD BREWING COMPANY

BACKGROUND AND HISTORY

They say attitude is everything in life, and back in the day Beaver Street Brewery owner's Winnie and Evan Hanseth knew how to go with the flow, but needed a little elevation in their lives. So in 1994, the couple left their jobs as a computer programmer, and mechanical engineer in California and headed back home to Arizona and poured their skills into a new venture opening the Beaver Street Brewery in downtown Flagstaff. Sixteen years later, and only one block away from Beaver Street Brewery, the couple restored one of the last standing buildings from Flagstaff's Lumber era and created a new production brewery - **LUMBERYARD BREWING COMPANY**. IT IS NOW OUR DESIRE TO SHARE OUR AWARD WINNING BREWS THROUGHOUT ARIZONA!
